100 acres they have demanded.

3) Whether it is desirable, in case this land is granted to them, that they should be made to pay the cost of malki, rent & plantations raised etc. or whether they are capable to meet these charges.

10 These & others are for examination.

Ans. 11 The case referred in para 8 is being worked up. In view of the C.C.F's letter of 4.5.59 (p7/c) the land applied for is not available in view of which the request of the petitioner for the grant of the said land may be rejected. The points raised in para 9 need not be considered for the present since the possibilities of that area being retained by the Forest Dept in the event of it being rejected by the Sangha are not altogether remote. If approved the petitioner may be informed that his request for the land cannot be granted. M (Forest) may kindly see before the petitioner is informed as proposed.

Report received ~~about~~ is under examination, which will be put up separately. 9

Noted
3/6

In the meanwhile the following facts may be of topical interest.

1) This area consists of 46-15-0 acres only. This is too small for the department to afforest further.

2) This plot is required by the Jt. Secretary, Akhil Bharath Sarva Seva Sangha, B'lore for their Sarvodaya activities. Here we will have to consider whether this small plot is sufficient for their activities as against

Serial No.

activities which he has already recommended to be granted to the Sangh. He further furnishes a list of applicants in the order of priority in which the Sarvodaya Sangh ranks first (please see p. 27/c). It is since ascertained from the Joint Secretary of the Sangh that they are no longer in need of the area offered as they have acquired a plot just in the vicinity of Bangalore (please see p. 27/c of file no. AFD 50 FLD 58 which is placed below)

20 Next comes Dr. Roerich to whom, he further reports that, some other area to be granted is under the consideration of Govt.

21 Then the third applicant, the petitioner is mentioned as the one to whom if Govt desires, land may be granted.

22 About the applicant, he says he is an expropriated ryot under Byramangala Irrig. Ramanagaram Tq, having lost an extent of 37 acres. ('D' of p. 1/c). Of course the petitioner says further that he was paid upset value of the land submerged.

Note.—Contn. Sheet

23) Now the present applicant is prepared to pay to Govt any upset price to be fixed by Govt, and the cost of plantations etc., if Govt should consider his request & grant him the land.

24) In view of the circumstances narrated above, the fact that the present applicant may not exceed the limits of economic holding will have to ascertained & considered if Govt should be pleased to grant the land to the petitioner specially in view of para 22 & 23 above.

25) May kindly see.

26 Land once it is deforested will vest in the RD which will be the final authority for its disposal. In view of this the claim for the land of Shri Chikkanarse Gowda, Rachappa and Muniramiah will have to be considered by the RD and the land disposed of according to Rules. Since the area is not required by the Centre before its release is considered, the CCF may be requested to report whether the Forest Dept would not like

Serial No.

the CCJ on the separate petition preferred again by Sri Chikkaranna Gowda, the CCJ opined that the land may be granted to the following persons in the order of priority

(1) Sarvodaya Training Centre.
2) Dr. Roerich.
3) Sri Chikkaranna Gowda
4) Sri R. Rachappa
5) Sri H. Muniranaiah ~~[illegible]~~.

As for the Sarvodaya Training Centre, they have informed Govt that they are longer require this land as they acquired 100 acres in the ~~[illegible]~~ vicinity of B'lore and therefore the file was closed. 31 AFD 50 FLD 58

Dr. Roerich has asked 500 acres in addition to 100 acres already granted to him, for the extention of Lizalore plantation by him and this is being pursued separately in our file. Hence this small bit may not be useful to him as against his request for 500 acres. 32 ⊗ AFD 195 DST 5

So far as Sri Chikkaranna Gowda is concerned, he is reported by 33

Serial No.

to keep it as 'Forest', in view of the low percentage of forests in the District.

File No. AFD 114 FGL of 1957.

Mysore Government Secretariat

Serial No.

having in view, of course, to their relative merits.

For orders.

These papers deal with the request for grant of land in S. No.13 of Manavarthe Kaval, Bangalore South. The extent of land is reported to be 46 acres and 15 guntas and forms a part of Talghatpura State Forest. The area also seems to be called Badamanavarte Kaval. There have been incessant demands for release of these lands for cultivation, the applicants being - 36

(1) Sarvodaya Training Centre.

(2) Dr. S. Roerich.

(3) Shri Chicknarsegowda.

(4) Shri K. Rachappa.

(5) Shri H. Muniramiah.

(6) Shri Ganapati Bhai of the Vinoba party.

(7) M/s. K.S. Gowder & Co.

As far as the first applicant is concerned, from the papers it is seen that the Sarvodaya Centre have informed Govt. that they do not require this land any longer since they have been able to ~~obtain~~ get some other parcel of land. The rest of the applications can be broadly classified into two categories: 37

(a) Those who seek the land for cultivation of ordi-

Serial No.

by himself in his petitions that he has lost 34 acres on account of the Byramangala Tank in Ramanagaram Taluk some 20 years ago i.e. in 1940. He was, he says, paid compensation. He is urging Govt to grant this piece of 46-15-0 acres to him in lieu of the lands he lost, if possible even on upset price.

34 It is therefore for consideration whether the land be ordered to be released and granted to the petitioner in view of para 'A' of p.33/c or the land be still retained with the department ~~due~~ notwithstanding the inconvenience enumerated and stated by the CCF that ~~it would be~~ being a small bit of 46 acres, posting special staff to guard it would be uneconomic.

p. 33/c

35 If Govt should agree to release the area, it is suggested that the land should be granted to all the persons stated in para 30 above (Sl. nos. 3 to 5) in addition to the ex applicant Sri. Ganapathi Bhat of Vasabha Bhave Party. The file on the subject is placed below.

(8) AFD 482 FGL 59 placed below

Note. Contn. Sheet

Dr. Roerich has already got large plantations of Lineloe and has had experience in the line. As far as M/s. Gowder & Co., is concerned, they want to put up plantations of patcholi and davana and they have not mentioned Lineloe. If the Govt. were to decide to encourage Lineloe plantations, then this area, which is adjacent to the plantations already had by Dr. Roerich may perhaps be given away to Dr. Roerich. But the claims of ~~Dr. Ro~~ M/s. Gowder & Co., have been strongly recommended by the Director of Industries as well as the Govt. in the C. & I. Dept. Hence their claims will also need consideration.

Over-riding of these considerations is another point which needs some thinking. In para 38, of file No. AFD 195 DST 57, the then Minister for Forests pointed out that if cultivation of Lineloe is such a profitable proposition, why the department should not take up such plantations ~~work~~ on behalf of Govt. The land in question is already with the Forest Dept. The C.C.F. has agreed to the release of the land only for the reasons that there is great pressure for its release and that it being a small area of 46 acres, guarding the forests would be uneconomical. As against this, it may be pointed out that in view of the fact that in the neighbouring areas to this land, Lineloe has been successfully cultivated, this area should be taken up by the Forest Dept. for raising Lineloe Plantations atleast on an experimental scale. I understand that this particular plant-Lineloe, is a peculiar one and it does not thrive in climates

40

Serial No.

ordinary crops; and

(b) Those who seek the land for cultivation of Lineloe - an aromatic plant which yields essential oils and cultivation of patcholi and davana plants. We will have to take a decision on the point as to whom should we prefer, if at all Government decide to release the lands for cultivation.

38 In this connection, I would like to invite reference to file No. AFD 195 DST 57 placed below which deals with grant of lands to Dr. Roerich for formation of Lineloe plantations. Particular attention is invited to notes between paras 17 to 21 and against paras 33 and 38. From the material available in this file it is seen that cultivation of Lineloe is a very profitable proposition as the essential oil manufactured out of this plant is a very rare commodity and finds an easy market abroad. Thus it can be definitely stated that in view of the command ~~of~~ that this oil ~~is~~ has on the export market, any cultivation of this plant would be in the interest of the economy of the country. If this position is to be accepted and in view of the fact that this forms an area which is eminently suited for the cultivation of Lineloe, it would not be in the interest of the State to release this area for ordinary cultivation by ryots.

39 Once we accept the idea that this area should be reserved for cultivation of Lineloe, the next point would be who among the applicants who have applied for lands for cultivation of essential oil plants should be preferred. Such applicants are only two. (1) Dr. Roerich and (2) M/s. Gowder & Co. Of these two,

Serial No.

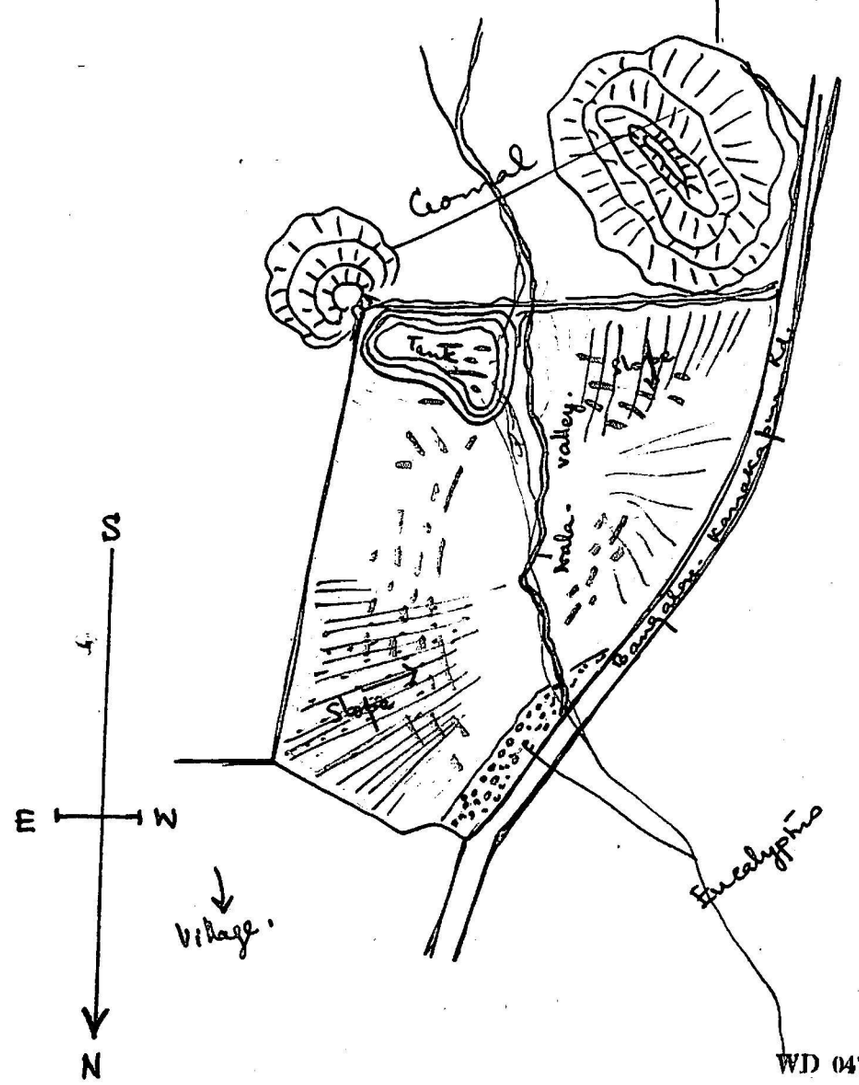
put up w.r to para supra

25/5

As desired by the Minister in para 42 of the notes, I visited the Talghatpura Forest Survey No.13 on 7-6-60 in the company of the D.F.O., Bangalore and other lower Forest Officers. As seen by me it appears that this Talghatpura Kaval which consists of 46 acres and 13 guntas forms a part of a big chunk of forest consisting of nearly 1,400 acres which goes by the name Manavarthe Kaval. I give below a rough sketch of the area seen by me: 49

Talghatpura Estate.

S K E T C H.



= Trenches with plantings.

Serial No.

other than the vicinity of Bangalore. I am also told tha attempts to raise these plantations in Belgaum, Mysore Dharwar and Hassan have failed. If that is so, the natural inference would be that this plant needs special soil conditions and Thalgatpur area is the only area which has answered all these requirements. In such an event, the point for consideration would be whether it would not be better for the Forest Dept. to keep the area to itself and/to try to raise a plantation of Lineloe which would certainly be in the larger interests of the country.

41 The area under consideration being in the vicinity of Bangalore, it is also a point for consideration if the Minister would like to see the land and then come to a decision. For orders.

50 Even after spot inspection I must say that I am more than convinced of the opinion expressed in para 40 of the notes. As is clear from the sketch, the area is eminently suitable for converting it into plantation which in future can be made into a model since it is on the road side. Towards Bangalore-Kankanahalli Road, about 2 acres of the area are covered with beautiful eucalyptus trees which are about six to seven years old. The area is sloping on two sides, i.e., east to west and south to north and between the two slopes encloses a valley through which flows a nala during a part of the year. The nala leads further into a tank which is now breached. Since the tank cannot contain the water breached by the nala, the nala itself is flowing outwards. As such, the entire valley and surrounding area has the necessary moisture ~~contained~~ content which would promote suitable growth of plants. The Forest Officers and myself perambulated the entire area and it is seen that the area contains valuable tree growth and is heavily wooded. As far as I could see, the tree growth consists of terminalia species (ಕಿರಿಮರ), tamarind, cassia and others. It could also be seen that the area has been taken up at repeated intervals for planting by Trench methods. In some cases, the plants ~~are~~ have come up very well but in others perhaps due to neglect, the plants have not thrived. According to me, in the tank bed and the surrounding area trench mound method may not be successful and it may be worthwhile trying pit method of raising plantations. It should be possible for the Forest Department to introduce more of Eucalyptus and along the borders casuarina and develop this into a beautiful ~~growth~~ plantation. In open patches along the slopes

Note.—Contn. Sheet

(10) (18)

File No. 114 FGL of 1959

Mysore Government Secretariat

Serial No.

it should be worthwhile trying Lineloe as the soil conditions in this area appear to be very similar to the soil conditions in the Tatguni Estates which are in the neighbourhood of this plantation. The main ground on which the Forest Department has been willing to part with this area appears to be that it has not been possible for the single watcher allotted to this area to take care of the forest produce and that being very near to the Talghatpura Village, thefts of dry wood and sapplings during nights, when the watcher is not there. are very common. I should think that this difficulty is not only confined to this area but is universal as far as forest areas near about villages are concerned. With a little more vigilence, it should be possible to check clandestine removal of forest produce from this area.

With this background, I venture to reiterate my previous proposal made at para 40 that this area of 46 acres though of a very limited extent may be kept with the Forest Department itself and converted into a mixed plantation, the dominant species being Eucalyptus, Tamarind, Cassia, Casuarina and Lineloe. 51

OFFICE OF THE MINISTER FOR AGRICULTURE
No. A-1535
4-MAR 19
BANGALORE

To

The Hon'ble Minister for Agriculture
Government of Mysore,
Bangalore.

Petitioner:- Chikkanarasegowda son of Mune Gowda,
Hanchipura near Bannigiri Dhakle,
Bidadi Hobli, Closepet Taluk Bangalore Dist.

Sub: Grant of lands in S.No.13 of Manavarthe Kaval,
Bangalore Taluk

---

The petitioner was the land holder of Hanchipura village and on account of the construction of Byramangala Tank Ramanagaram Taluk, the petitioner lost his holding on account of submersion of his lands and he got in lieu of ~~xxxxxx~~ compensation an assurance that the petitioner would be given lands elsewhere and that he has to choose in pursuance thereof. The petitioner has been repeatedly representing for grant of land in some place or the other and finally he applied for land in Survey No.13 of Bada Manavarthe Kaval Uttarahalli Hobli Bangalore South Taluk. An extent of 37 acres are available in S.No. 13 mentioned above. The petitioner has been repeatedly applying for the said grant under dharkast in lieu of the land 34 acres submerged. The petitioner has also offered the upset price. The petitioner's case gets top priority on account of two reasons firstly because he is a bonafide agriculturist who had his own lands which got stuck up under submersion and as such he is deprived of his source of maintenance and the agricultural operation of his family. Secondly the petitioner is the earliest person to apply for the land in question and for building up the entire records in his favour and the records are now with the Chief Conservator of Forests.

Now in pursuance of his repeated application the Dist. Forest officer in his No.791 on the application of the petitioner dated 30.5.58 has issued an endorsement dated 23.7.58 that the matter is under consideration and in pursuance

CCF for immediate report.
(M A&F)

AGRICULTURE & FOREST DEPARTMENT
678
GOVERNMENT OF MYSORE

thereof the entire village mahazar and other things were drawn up and the records submitted to the Chief Conservator of Forests in Mysore Bangalore for further action and now the file is stuck up there in his office.

The petitioner had submitted representations to the Govt of Mysore in 1950 under reference AF.846 FT 1-50-4 dated 25.4.50 against which an endorsement is given to the petitioner that further action is being pursued.

Similarly the Revenue Commissioner has issued an Endt in No.N.Dis.C.1.Pet.2990/43-44 dated 21.4.44 that his petition is under consideration for the grant of land applied for in Survey No.13 ~~xidaxNxDixxCkxRat~~.

I am a helpless ryot and my case is genuine and bonafide. At the instance of my application the Forest department as well as the villagers have agreed to release the lands as could be seen from various mahazars available as part of the records and which is now held up in the office of the Chief Conservator of Forests.

Under these circumstances the petitioner most humbly prays that the Hon'ble Minister may be pleased to call for the records that are now in the Chief Conservator of Forests' office and considering his bonafide and genuine claim, and as they are just and reasonable to be kind enough to pass orders assigning the lands in Survey No.13 of Bada Manavartha Kaval Uttarahalli Hobli Bangalore South Taluk and thus compensate for the lands of the petitioner that were submerged consequent to the construction of Byramangala Tank of Ramnagaram Taluk.

The petitioner prays for early immediate orders in this behalf.

For which he shall ever be indebted.

Petitioner.

Bangalore,

Dated 4th March 59.

Sir,

Sub:-Request of Sri Chikkanarase Gowda of Kanchipura, Bidadi Bangalore District for grant of land in S.No.13 of Badamanavarthe Kaval.

Ref:-Your memo No. AFD 114 FGL 59 dated 1-4-1959.

---

The applicant is requesting for grant of lands included in Talghatpura State Forest. The remaining area of Talghatpura State Forest is 46-15 acres and this has already been recommended to be granted to the Sarvodaya Centre, under this office letter No.B3-285-2084/58 dated 16th March 1959 (vide your No.AFD 50 FMD 58 dated 8-1-1959) No more area is available in the State Forest for being granted to the applicant.

Yours faithfully,

(K.M. ABBI)
Chief Conservator of Forests.

AS/1/5.

MYSORE GOVERNMENT SECRETARIAT
NO. 4415
6 MAY 1959
114-F&L 59
FOREST BRANCH

Thereon records were sent up to the Conservator of Forests and thence to the Government. Thus I have had to carry on a good deal of spade work to get the lands for me as award.

I am having a fairly large equipment of 4 pairs of bullocks, carts, flocks of sheep and goats, buffaloes etc. and my family consists of more than 20 souls. All these are being subjected to much hardship and misery.

But, while all these have been done and I was promised grant of this land all through these years, I am much surprised to learn how that the said land in Sur. No. 13 is now being granted to Sarvodaya people, without satisfying my numerous appeals and representations. Thus this has been a perfect case of unfair award and brings to recollection the adage "rob peter to pay Paul".

PRAYER:

As submitted above, I have been without lands since 1940 when my lands were submerged under Byramangala Tank. And my first selection became a matter of discrimination, in being granted to Srimati Devika Rani. And now, when so much of preliminary spade work is done by me for securing at least 34 g acres of land in Sur. No.13, some others are put forward in my stead, which is an act of clear injustice. I therefore pray that my case, which is pending for so many years, may be considered first and I be grantedthe lands I have been praying for all along and thus Justice be done to me early.

Since the records are now pending under your kind office, I pray for kind orders granting me the lands prayed for immediately and thus help me to begin cultivating operations very early. Awaiting kind orders very early,

Yours most obediently,

Camp: Bangalore

Date:

PETITIONER.

N.B: I am ready to cultivate lands at once and also reside therein permanently and thus raise crops sooner.

Respected Sir,

Subject:- Grant of land in Survey No. 13, Bada Manavartha Kaval, Uttara Halli Hobli, Bangalore South:

Reference: Correspondence ending with my application of 3.3.1959 and endorsement thereon in No. A 1535 of 4.3.59 from Private Secretary to the Minister of Agriculture, that matter is receiving attention.

put up pps 4

M (AFD)

---

Most respectfully I beg to submit the following:

Facts of the case:

I owned about 34 acres of land and was cultivating my landsextensively as an agriculturist. During 1940 when the Government constructed the Byramangala Taluk, all my lands - 34 acres in extent - were submerged therein and I was promised grant of land elsewhere, wherever I selected. Thereon, I applied for grant of Sur. No.12 of above Manavartha Kaval which was extensive enough. But to my ill-luck I was refused this land. But, the same land was granted to Srimati Devika Rani, which clearly is a discrimination done to me.

MYSORE GOVERNMENT SECRETARIAT
NO. 4924
23 MAY 1959
FOREST BRANCH

Later on I selected Sur. No.13 of same Manavartha Kaval and prayed for kind grant of this land. Thereon records were built up and the Forest Department asked me if I was prepared to pay compensation for the plantings they had planted in this Sur. No. so as to release the land. I accepted to do so and executed mutchalika and was prepared to bide by all conditions of the Department.

Honoured Sir,

Sub: Prayer for grant of land in exchange of lands that were submerged by construction of Byramangala Taluk.

OFFICE OF THE MINISTER FOR FOREST & TRANSPORT
No. P-314
12 JUN 1959

As far back as in 1940 due to the constructionof Byramangala Tank I lost my lands - 34 acres in extent and with it my cattle etc., 100 heads including sheep goats, cows etc. and have now become a very poor and helpless man - simply because, although I was promised grant of land in exchange for those submerged, even to this day I am without any land at all.

Since I had been promised land grant at the place of my selection I applied for grant in Sur. No.12 & 13 of Bada Manavarthakaval, Uttarahalli Hobli, Bangalore South Taluk. But in spite of repeated prayers and representations I have been given endorsements repeatedly to the effect that I will not be given the land, although there were extensive lands in these numbers. While I am denied grant - I was much surprised to note the fact - the said land was granted to another Srimathi Devika Rani - a clear act of discrimination against a poor and helpless man who deserves a sheer justice - particularly in view of his having lost valuable land elsewhere as described above.

K. F. PATIL
Minister for Forest & Transport.

Thereon I selected Sur. No.13 and the Forest Department informed me that they expected compensation for the plantations they had done on that land. I agreed to meet the same also. Hence a mutchalika was got signed

by me and I was told the records that had been built up had been submitted to higher authorities of that department. But in spite of all these, I am still without land.

Herein I beg to submit that there was an extent of 100 acres 31 guntas of land and instead of granting me at least a portion of it, this has been divided to TWELVE (12) members (including the abovementioned Devika Rani) in spite of my having a claim for the land. And now, when Sur. No.13 is asked for, although records are built up, I am still not given any land - in spite of my waiting all these 19 years since the date of submersion of my lands.

Consequently I have not only lost my valuable landed property, but also lost very heavily such as 100 heads of cattle, other moveables and am now more or less a destitute. And I am saddled with the heavy burden of maintaining a very large family of 19 souls. And my appeals and memorials all these long years - numberless to be counted - have also caused me much expenses, loss and hardship. I had also accepted to pay the compensation on plantings made by the Forest Department and even then, I am still submitted to sufferings.

As submitted above, I am very poor, rendered helpless by acts of Government, subjected to much hardship and misery and as such am fully entitled to sympathy and relief speedily. Hence I most humbly pray for kind orders for grant of land to me very early from the Forest Department or any other Department who is to grant the said Survey No.13 above. I assure you that I am ready and willing to construct a home on the land itself, devote my whole attention for cultivation and raising of food crops and also bide by any other terms and conditions the Department may be pleased to call upon me to do.

Since my case has been pending for the past over

(11)

(31)

ADD 114 JGL 59

This may be filed in view of the action taken already in the matter. It is submitted for orders.

[illegible]
23/6/59.

19 years, and since the land I applied for now - viz Sur. No. 12 of Manavarthakaval, Uttarahalli Hobli, Bangalore South Taluk, is available for grant, I pray for kind expediting the formalities and grant me very early the said land, giving my case a top-priority basis, in view of the above and help me in the matter early.

For which act of kindness and generosity I will be ever grateful.

Yours faithfully,

5th June 1959.

The following are some of the references in the matter:

Endorsement No. A1-50-544-45-5 of 15.5.41 from Forest Dept.
do AF-8463 dated 25.4.1950 do
Do. A 4313 of 22.7.1953 from the Home Minister.

Date of executing mutchalike to the Forest Department about compensation for plantings: 27.6.1958

Date when records were submitted by the Forest Department subordinates to Higher authorities: No.439 of 3.11.1958
No. 1598 of Dec.1958 when submitted to the Chief Conservator of Forests by the Bellary Conservator of Forests.

And now records are lying undisposed of in the Chief Conservator's office.

The extent of loss I suffered and am even now suffering can be easily imagined when the yield of ragi per acre is 4 pallas and I lost 34 acres yielding 136 pallas of ragi for the past over 19 years!

PETITIONER.

Uttarahally Hobli,
Bangalore south Taluk,.

(2) The State of Mysore.

- - - - -

Application for the grant of 35 acres of land in S.No.13 of Manavarthe Kaval, Uttarahally Hobli, Bangalore South Taluk, (Talgatpur Estate).

The petitioner above namedmost respectfully beg to submit as follows:-

1. That the petitioner was once a Land-lord having 34 acres of land and one hundred heads of Cattle and Sheep.

2. That during the year 1940, all most all his immovable properties became submerged by the construction of Byramangala Taluk and as such the petitioner was compelled to live without having any lands till to-day.

3. That all most all ~~the~~ persons whose lands were submerged by the construction of Byramangala

.....2

Byramangala Tank were granted lands double the lands they lost. But to the unfortunate and unhappy condition of the petitioner, he was not at all given lands in exchange of the lands he lost, Even though he has been incessantly and repeatedly requesting the various authorities of the State. The petitioner, first applied for the grant of land in S.Nos.12 and 13 of the Manavarthe Kaval. But the Government of Mysore through their Endorsement No.A.F.846/Ft.1-50-4 dated 25-4-50 informed him that his petitions had been forwarded to the Revenue Commissioner in Mysore, Bangalore for favourable consideration.

4. That after persistant and consistant prayers of the petitioner, he was at last given an Endorsement No.A.F.4314/ dated 16-7-53 by the benign Government of Mysore intimating him that his request for the grant of lands in Manavarthe Kaval forest would not be complied with since the area applied for is included within the Thalaghattapura State Forest.

5. That the petitioner is a true and bonafide Agriculturist. He is entirely depending upon agriculture. His family which consists of 25 (twenty five) members also depending upon agriculture. After the submersion of his lands by the construction of Byramangala Tank he and the members of his family are almost living like beggers. Often they live by means of agriculture coolly. It is becoming impossible for them and for him for having no

11. That, therefore, he most humbly prays that this Hon'ble Court will be pleased to call for the records concerned and sanction him 35 acres of lands in ~~Sk~~ S.No.13 ~~and~~ of Manavarthe Kaval (Thalaghattapura Forest), Bangalore South Taluk after determining the merits of the case to enable him and the members of his family to live happily as true Citizens of India.

CHIEF CONSERVATOR'S OFFICE

No. B3-36-218/59 Encls: two

BANGALORE: DATED 14 AUG. 1959

To

The Secretary to Government,
Agriculture and Forest Departments,
Bangalore.

Sir,

Sub: Request of Sri Chikkanarase Gowda of Hanchipura, Bidadi, Bangalore District for grant of land in S.No. 13 of Badamanavarthe Kaval.

---

Your letter No. AFD 114 FGL 59 dated 15-7-59.

---

I invite your kind reference to this office letter of even No. dated 4-5-59 under which I have furnished my report on a similar representation of the applicant. Government have also rejected the request of the applicant in their No. AFD 114 EGL 59 dated 3-7-59. In this connection attention is also invited to this office reference no. B3-160-1594/58 dated 20-12-58 (Vide AFD 306 DST 58 dated 11-10-58) in which the order of preference in case the area is to be released was indicated as follows:-

i) Sarvodaya Training Centre.
ii) Dr. Roerich.
iii) Sri Chikkanarase Gowda (Present applicant)
iv) Sri K.Rachappa.
v) Sri H.Muniramiah and others.

Regarding Dr. Roerich, release of some other areas (Badamanavarthe Kaval) is under consideration of Government.

Thus, if the Sarvodaya Training centre are not in need of the area, there would be no objection to the release of this land to any of the applicants deemed fit by the Government. There is no other record on this subject in the office. The application and its enclosures are re-transmitted.

Yours faithfully,

Chief Conservator of Forests.

Bangalore.

Sir,

Sub:-Request of Sri Chikkanarase Gowda of Hanchipura, Bidadi, Bangalore District for grant of land in S.No.13 of Badamanavarthe Kaval.

Ref:-Your letter No.AFD 114 FGL 59 dated 11-11-1959.

---

The area in question was recommended for release as there is great pressure for its release and there are several applicants for grant of the same land. Being a small bit of 46 acres, posting special staff to guard it would be uneconomic. Hence it was recommended for release for being granted to any of the persons mentioned in the list furnished to Government under this office letter No.B3-36-218/58 dated 14-8-1959, provided the Sarvodaya Sangha, in whose favour the land was first recommended under this office No.B3-225-2084/58 dated 16-3-1959, are not in need of it. However Government in their No.AFD 50 FLD 58 dated 21-11-1959 have directed to drop the question of releasing this area for Sarvodaya activities. If the Government are not in favour of its release it may remain with the Department for forming plantation.

Yours faithfully,

(K.KADAMBI)

Recd by Reg post no. 665 28/6

BEFORE THE HONOURABLE MINISTER FOR Forests

GOVT. OF MYSORE, BANGALORE.

Petitioner; Sri Chikkanarase Gowda, S/o late Sri Munegowda, aged about 70 years, Agriculturist, Vokkaliger by caste, Hanchipura Bidadi Hobli, Ramanagaram Taluk Bangalore District.

***

OFFICE OF THE MINISTER FOR FOREST & TRANSPORT No. A-406 4 JUL 1960

Pl. put up pps, if any, Will a note

Application for the grant of 35 acres of land in S.No.13 of Hanavarthe kaval, Uttarahalli hobli, Bangalore North, Taluk, (Talgatpur Estate).

The Petitioner abovenamed most respectfully begs to submit as follows;

1) That the petitioner was once a Land-lord having 34 acres of land and one hundred heads of Cattle and Sheep.

2) That during the year 1940, almost all his immoveable properties became submerged by the construction of Byramangala tank and as such the petitioner was compelled to live without any lands till to-day.

DEPUTY SECRETARY TO GOVT. AGRICULTURE & FOREST DEPT. NO. 300 - 6 JUL 1960

3) That almost all the persons whose lands were submerged by the construction of Byramangala tank were granted lands double the lands they lost. But the unfortunate and unhappy condition of the petitioner who was not at all given lands in exchange of the lands he lost, even though he has been incessantly and repeatedly requesting the various authorities of the State. The petitioner,

Please put up pps - we have a file on the subject

MYSORE GOVERNMENT No. 6054

USF 6/7/60

The petitioner first applied for the grant of land in S.Nos. 12 and 13 of the Manavarthe kaval. But the Government of Mysore through their Endorsement No. A.F. 846/Ft. 50-4 dated 25-4-50 informed him that his petitions had been forwarded to the Revenue Commissioner in Mysore, Bangalore for favourable consideration.

4) That after persistent and consistent prayers of the petitioner, he was at last given an Endorsement No. A.D.4314 dated 16-7-53 by the benign Government of Mysore intimating him that his request for the grant of lands in Manavarthe kaval Forest would not be complied with since the area applied for is included within the Thalaghattapura State Forest.

5) Thereupon the petitioner applied to the Forest Department and they required me to pay the compensation for the plantations they had done in the land. The petitioner agreed to the same and he executed a Mutchalika to the Forest Department on 27-6-58 agreeing to pay compensation. The petitioner is told that the Records have been built up and submitted to the Higher authorities. The Forest Authorities have no objection for the release of the land.

6) That the petitioner is a true and bona fide Agriculturist. He is entirely depending upon agriculture. He is entirely depending upon agriculture. His family which consists of 25 (twenty five) members who are also depending upon agriculture. After the submersion of hisk lands by the construction of the Byramangala tank he and the

he and the members of his family are almost living like beggars, and put to great hardship. Often they live by means of Agricultural coolly. It is becoming impossible for them and for him for having no lands of their own to live a happy life and at present the petitioner and the members of his family are living precariously and more often than not they live by their wits end.

7) That Smt. Devika Rani who is not a bona fide agriculturist, and who in fact does not depend upon agriculture, has been granted 100 (one hundred) acres of land in the same S.No. in which the petitioner has been praying for since 1980. Further the abovesaid party has not lost any lands and is a foreigner.

8) That further in the same S.Nos. 12 and 13 of Manavarthe kaval about 6 (six) persons have also been granted lands by the Government of Mysore. It is really surprising to know as to why the petitioner has not been ~~xxxxxxxx~~ sanctioned the lands in the same S.Nos. when others have been sanctioned lands.

9) That the request of the petitioner has not been properly considered and his pathetic existence has not been taken into consideration at all.

10) The petitioner and the members of his family are prepared to settle in Manavarthe kaval and take to agriculture.

11) That therefore, he most humbly prays that this Honble court will be pleased to call for the records concerned and sanction him 35 acres of lands in S.No. 13 of Manava the kaval (Thalaghattapura forest) Bangalore south taluk after determining the merits of the case to enable him and the members of his family to live happily as the True Citizens of India.

The Hon'ble Minister For Food & Agriculture,
The Government Of Mysore,
BANGALORE.

MYSORE GOVERNMENT SECRETARIAT NO. 1927 1-MAR FOREST BRANCH

Respected Sir,

AGRICULTURE & FOREST SECRETARY NO. 368 29 FEB 1960 GOVERNMENT OF MYSORE

Subj:- Application for 50 acres of land for Growing of essential Oil Plants like Patchouli and Davana.

We beg to submit to you, our application to allot us 50 acres of land in Survey No. 13, Manavarthe Kaval, Bangalore South, for growing of Plants like Patchouli, Davana, and other plants needed in Manufacturing of Toilet Products, and also to install a Distilation Plant.

You are aware Sir, that several Industrial Concerns in the Manufacture of Toilet Products have sprung up throughout the country during the 1 & 2 Plans. At present most of the manufacturers look for thier essential oil requirements to foreign markets There is need for manufacture of essential oil in larger scale in this country, to be self sufficient to meet our toilet manufacturers demands in essential oils.

We are keen on taking up this industry of manufacturing of essential oil. To Start with we want to grow Patchouli Plant and distill Patchouli Oil. Patchouli Oil is an Indespensible and valuable ingredient in different types of Soap Perfumery. It also enters into the composition of many well-known hand kerchief perfumes and other cosmetics. Among the essential oils used in perpumery Patchouli Oil occupies an importa nt place. It is the experts opinion that for growing of Patchouli and Davana Plant the soil and climate round about Bangalore is very well suited. We can also develop Poultry and Dairy Farming in which we are interested.

Hence we request you to kindly allot us 50 acres of land in Survey No.13. Manavarthe Kaval, Bangalore South.

We earnestly hope the Government would appreciate and encourage such an endeavour and allot us the required land in the above area and help us to start the intended industry.

Thanking you,

Yours faithfully,
for K.S.GOWDER & CO.,

Bangalore, dated 17-3-1960.

To
The Secretary to Government,
Agriculture and Forest Department,
Bangalore.

Sir,

Sub:-Grant of 50 acres of land for growing of essential oil plants in S.No.13 of Manavarthe Kaval, Bangalore South Taluk.

Ref:-Your memo No.AFD 1712/60 dated 24-2-1960.

---

The area in question is included in Talghatpura State Forest of Bangalore South Taluk. The question of releasing this area or otherwise is still under consideration of Government, vide correspondence ending with this office letter No.B3-L.Dis.218/58 dated 14-12-1959 (your No.AFD 114 FGL 59 dated 11-11-1959). The Department has taken up large scale planting of Linaloe, and this area of 50 acres would be required for planting up Linaloe departmentally.

The application may therefore be rejected.

Yours faithfully,

(K.KADAMBI)
Chief Conservator of Forests.
